Summary

Information Systems student with experience in **SQL, Python, and Power BI**. Worked on **data analysis, querying, and visualization** to find insights and support decision-making. Comfortable handling **large datasets, cleaning data, and creating reports**. Strong problem-solving skills and attention to detail. Looking for a **Data** role to apply my skills in a real work environment.

Experience

[Flex](#) | 2021-2023

- Assembled machinery using advanced measurement tools. Worked with technical teams to ensure **high-quality products**.

- **Analyzed production** issues and helped find solutions to improve workflow.

[Israeli Defense Forces](#) | Discreet Role | 2018-2021

- **Worked** in a **fast-paced** and high-pressure environment. **Solved** complex problems quickly and made **data-driven decisions**.

- **Communicated** effectively and worked with a team to achieve goals. **Developed** strong **analytical thinking and problem-solving skills**.

Education

B.Sc - Bachelor of Science in Information Systems | 2023-2027

- **Studied SQL, Python, Power BI, and Tableau** for data analysis.

- **Worked** on projects involving **data cleaning, querying, and visualization**.

- **Analyzed** real datasets to find **patterns and insights**.

Project

Pokemon API Project | 2025

- **Used** Python and the PokeAPI to collect and process **detailed** Pokémon **data.**

- Built and saved multiple **dataset formats** (CSV, Excel, JSON, TXT) and visualized statistics with **Matplotlib.**

- Created interactive HTML reports and integrated **images** and **audio** from the **API.**
